FOUNDATION

Child services
for a better
future

WHAT IS THE LOAN FOUNDATION

Since May 09th, 2016, the LOAN Foundation (LOAN Stiftung) was officially recognized as a legally responsible, non-profit foundation under the principles of German civil law. The main goal of the foundation is to make a self-determined future possible for children in remote areas, especially children of ethnic minorities.

WE PROVIDE HELP WHERE THERE IS NONE

The projects of the LOAN Foundation primarily help needy children in the northern mountainous regions of Vietnam - where no other help is available. These regions of Vietnam are difficult to access. The projects of the LOAN Foundation improve the future prospects and quality of life of many ethnic minority children by building kindergartens, schools, boarding houses, libraries and by awarding educational scholarships.

CHOOSING THE PROJECTS

Before we start a project, we make our own very precise assessment on-site of the initial situation and conditions. The first visits at the beginning of December 2015 were Ha Giang and Cao Bang provinces. The Vietnamese Government and local welfare authorities support and accompany on-site the projects of the foundation. Over the past 7 years, the LOAN Foundation has successfully implemented 39 projects in 8 provinces and cities in Vietnam: Ha Giang, Tuyen Quang, Cao Bang, Son La, Dien Bien, Lao Cai, Yen Bai and Ha Tinh.

FOUNDATION FINANCING

Donations from private parties and companies finance the projects of the LOAN Foundation. Our work remains voluntary and free of charge, so that donations are entirely used to realize the projects.

"THE SECRET TO HAPPINESS IS NOT WHAT YOU HAVE, BUT WHAT YOU GIVE. THOSE WHO MAKE OTHERS HAPPY ARE HAPPY."

2021 ● PROJECT NO. 37

Summer 2021

- In Ha Giang Province, poverty is the highest in the country. There are still many families who live in wooden barracks or tents. Most of them also include young children who are directly exposed to this poverty. A reason for the provincial leadership and the DoFA to act against the acute housing shortage.
- Following a call for donations, Ha Giang Province received over VND 225 billion for 2021 to help poor households (including many war veterans) with significant housing problems. In total 3897 new weatherproof houses were to be built by volunteers for these families. If possible, organizations like ours should get involved too.
- Since our foundation is committed to i.a. international basic convictions and understanding between nations, we decided to contribute to the financing of two houses.
